

To whom it may Concern.

The Complaint submitted by me at the early part of this year at Bishop, Texas against the local Postmaster for failure to appoint me to a regular position has been resolved to my satisfaction.

Since I was appointed to a regular position I can truthfully say that I ~~not~~ have not encountered any harassment or intimidating tactics. I am very happy in my job now and sincerely go on record as thanking the Post Office Dept. and anyone else concerned with help and ~~and~~ courtesies shown me and my Complaint.

Yours truly
