

Dr. Garcia:

I am an American - English speaking -
and I thoroughly resent mail addressed
to me which is written in a foreign
language. One which I do not
understand.

Further more - I am not interested
in what Mexican-American was
appointed to which office, by whom.
I am interested only in which
Americans can do most for my
country - Maybe you have
something to say in English?

Das Don A. Tanner

P.S. Surely - you don't think Tanner
is a Mexican-American name -
