Dear Clotilde:

I arrived home from some meetings in New Mexico late Tuesday night and found the invitation from your brother, Hector, in my mail.

It was too late to attend and I was so sorry I missed this great event.

I wish to thank you all and especially wish to congratulate you on your appointment to the Texas Constitutional Revision Commission. This is a real honor and I am proud of you.

Sincerely,

A handwritten signature in cursive script that reads "Roger".
