Dr. Hector,

Thank-you so much for

Dear Dr. Garcia,

Your participation in our "Celebrity Reader Program" helped make it a huge success. Our students were excited and will long remember your participation. We constantly remind our students how special they are: your visit reinforced this idea. Your appearance also demonstrated the importance of reading.

Our goal is to help make our community, a community of readers. We are very fortunate to have concerned, positive role models to accomplish this goal.

Thank you for spending part of your day with our students.

Sincerely,

Gloria & Nell
