Dr. Hector P. Garcia  
American GI Forum  
1315 Bright Street  
Corpus Christi, Texas 78405

Dear Dr. Garcia:

You have my full support in the transformation of the colleges in south Texas into four-year universities that offer educational opportunity for the residents of the area. By adding these schools to the Texas A&M System we will create an engine for economic development in south Texas, end mediocrity in higher education and grant our youth the same access to the American dream as students in other parts of the state.

We need to get these two bills passed this session and move into an era where geography does not determine educational opportunity. I will support HB 358 and SB 122 and work for their passage. Please do not hesitate to contact me if I can do anything to help you.

Sincerely,

  
Gregory Luna
