Dear Dr. Garcia:

Thank you for writing and sending me a copy of the American G I Forum's Resolution No. 1. I will certainly keep in mind the position your organization has taken regarding Senate Bill 122 and House Bill 358, which deal with higher education in South Texas.

Currently, both Senator Carlos Truan's SB 122 and Representative Eddie Cavazos' companion bill HB 358 have been referred to committee. The Senate Committee on Education will deliberate on SB 122 and the House Committee on Higher Education will do the same with HB 358.

If I can be of any assistance to you, on this or any matter, please do not hesitate to contact my office.

Best Regards,

Jerald Larry
