Dear Dr. Garcia:

I just want to tell you how much I appreciated your extremely kind comments at the GI Forum dinner last week in Austin. You've been very gracious to me over the years, and I am honored that you would say such kind things about me.

I'm also happy that the Texas Senate honored you. I know you've been honored by many important organizations and people, including the President of the United States, but I am glad that the Senate has gone on record as recognizing your life long achievements.

You have fought the fights when they were toughest to fight, and because of that, we all live in a better world.

I know there are still a lot of battles out there. Whether it is opposing "English Only" or working for better minority appointments, I look forward to working with you in those fights.

Sincerely,
