Dr. Hector P. Garcia American GI Forum of the U.S. 1315 Bright Street Corpus Christi, TX 78405-2109

Dear Hector:

I have enclosed a copy of a new report written and released by the Texas General Land Office entitled "Putting Together The Pieces: The Recapitalization of the Texas Economy." This report explores ways that natural gas can be used to help alleviate air pollution problems while, at the same time, injecting significant capital into revitalization of the Texas economy and those of other gas producing states.

I know we share an interest in jobs and clean air. I hope you will give me the benefit of your thoughts about the blueprint laid out by this report for achieving those objectives.

Sincerely,

Garry/Mauro Texas Land Commissioner

GM:BTH:slc
