Dear Ms. Graham:

We are sad that you are leaving to return to Canada, but we know that patient care will be compassionate and professional wherever you may be involved with it. You will be missed by us because you have become a treasured member of the Memorial Medical Center family.

As you leave to return home, please take with you our most sincere and warm wishes for a happy and successful future...and we look forward to your return to the hospital team.

It would be a great pleasure and privilege for me if you will accept appointment as:

A M B A S S A D R E S S

FOR

N U R S E S

from

MEMORIAL MEDICAL CENTER

To convey to Canadian nurses, and others, that this appointment intends to express our high esteem for you an individual and as a professional nurse;

To express our appreciation for your high quality of professional care, your warmth and friendship we have shared by having you at this hospital. This acute care short term hospital, caring for the acutely ill patients, a teaching hospital reputed to be excellent, a hospital whose patients require a high intensity of professional nursing care because of the severity of their illnesses and injuries; a hospital with one acre of critical care facilities; the regional burn center; and the emergency room/trauma center for the region. Nurses are very important to us! Whether in times of shortages or surplus, nurses are vital to a hospital's success.

I hope you will take our message to Canadian nurses that we offer experience, learning opportunities, an excellent place to practice their profession, while living in a very pleasant geographical area--and where they are appreciated.

God Bless you and your loved ones.

Sincerely,

Wheeler B. Lipes
