Dear Dr. Garcia:

Enclosed you will find an English Only publication I received from NALEO. However, I am concerned that they do not list the American G.I. Forum as an opponent. I have sent the attached letter.

Best personal regards.

Yours truly,

Dear Dr. Pachon:

I enjoyed reading the English Only: The Threat of Language Restrictions booklet. It is the an excellent publication that can be utilized by Hispanics throughout America.

I have debated Linda Chavez on at least three or four different occasions on this issue and have found the topic to be fascinating but worrisome because of the obvious threat to the Hispanic Community by the "right wingers". The conservative backlash is in the midst of a tremendous onslaught against out community.

In the meantime, I do want to bring to your attention that Dr. Hector Garcia, Founder of the American G.I. Forum, and his organization have been at the forefront of opposing English Only at the local, state and federal level. Dr. Garcia has testified
