Dear Dr. Garcia,

Finally, I have the opportunity to thank you for honoring me at the GI Forum meeting in June!

You see, shortly after that meeting, my movers came, and in the mad shuffle which ensued, I lost track of where I had put your address. On arriving here in Pensacola, my ~~to~~ first stop before continuing to Rota, Spain, I searched frantically and finally found it

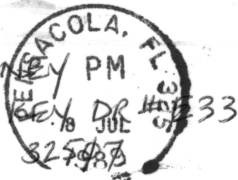

Thanks

with the title to my car — I had put it there for safekeeping!

So, at long last, I can say "Thank you!" The dinner was lovely and I thoroughly enjoyed myself, as did my escort, Bob Papadakis. I am ~~at~~ honored you selected me to participate in the meeting. The Cross pen and pencil set was a generous gift — they will always be special to me.

I only regret I did not have time to stop by to see your "hall of fame" office before my ^{Sangamon} * departure. Hopefully, next time I pass through Corpus! Sincerely, Lucinda McKinney
