**Half-Cent Sales Tax Election**

**:60 Radio - "Man on the Street #2"**

**(:08) LUTHER JONES:**

Hello, this is Luther Jones. A lot of people are asking a lot of questions about the sales tax election August 11th...

**(:04) MAN ON STREET #1:**

"Isn't this sales tax is just another way for the rich to get richer?"

**(:09) LUTHER:**

Absolutely not. This sales tax will create jobs and improve our city's economy for all the people. There is *no hidden agenda* in this election.

**(:03) WOMAN ON STREET #1:**

How much will this sales tax cost me?

**(:19) LUTHER:**

One-half penny for every dollar you, or anyone visiting our city, spends. It will cost the average Corpus Christi family about 6 cents a day, and a large portion of the tax will come from visitors to our city. Visitors pay almost 25 cents of every sales tax dollar collected. This sales tax can improve our economy so we *don't* have to raise property taxes.

**(:10)**

I'm sure you have many other questions. There will be a special ad with all the facts about this issue in this Sunday's Caller-Times. Please look for it. Thank you.
