RE: Grievance Procedure

Dear Dr. Garcia:

The complaint referenced in your correspondence was filed in June of 1988. The normal procedure is that a case is investigated at the local level and then presented to the Grievance Committee. The complaint appears to have been dismissed in July of 1988. The complainant is requested to file an appeal within 30 days if he is not satisfied with the findings of the Grievance Committee. Six months after all appeal dates have run, this office applies to Austin to have those files destroyed.

Dr. Garcia having only recently taken over this office, I can not answer any specific questions as to your underlying complaint. I will be glad to visit with you concerning any of the State Bar procedural rules.

Yours truly,

A handwritten signature in black ink, appearing to read "David Lee Bridges".

David Lee Bridges
Assistant General Counsel
Office of the General Counsel
State Bar of Texas
