Houston, Tex. 77093

Dr. Hector P. Garcia,

My Dear Friend,

Am writing to you these few words to say hello hoping that you are in good health as I'm doing good. Thanks to our lord.

Dr. I often think about you and I ask for you about how are you, knowing you, I know that you are O.K. I often think about you and Joaquin Gouella our friend he was a very good man and you know, you just do not forget good men right away.

I'm sorry I have not been close to you and the G. S. Forum because I know that this is your favorite organization, because you are the man responsible for it existing and I'm proud to say that I work with you and the group for about 10 years of which I was very glad to to have been a part of.

I have been living in Houston now for almost 25 yrs and guess this is where I'm going to stay. I have had an operation of removing my stomach bleeding ulcer and had Radiation Therapy given to me here at V.A. Hosp.

in Houston but I have not been able to
get well allways having problems with
pain and have been taking Tylox for pain
and asking my God to get me well but
so far I'm doing so-so I had this done
2 years ago and still not well maybe
someday it'll workout. OK. Does so
you probably ar wonder why I'm writing
to you??, well tens years ago I got
ten people together for the purpose
of erecting a monument for the
Veterans of Refugio Co of all Wars
and am glad to say that using what
I picked up from while working with you
and H I Forum I learned how to handle
myself to get motivated in doing things
anyway this group of ex H.I.'s ~~has~~ ^{was} banned
together and made benifits to raise funds
to get our money to gether for the monument
and got permission to erect it next to
the Fire Department on main st. in
Refugio, and we are very ~~pround~~ proud
that we did it in record time we started
in Jan '88 and dedicate it in Nov '88
for time involved in doing I think we did
OK. Now what I want to ask of you

is that I understand that the G G
Forum has to name wall and would
to know from you if we can use it
for display next year on Nov. 11 or 12th
for our Co Vet. day??

Will you please answer my letter and
tell me if it can be done and what
all it takes to do it I'm sure there
money involved & I want to know how
much being that will be our 5th year of having
this we want to celebrate it this way
if at all possible.

So if you will I would really appreciate
whatever you can do for us on this.

Thanking you Advance
your friend

Henry M. Rocha

P.S. It was done ^{by} us
but the V.F.W. sponsored
it Regardless it is for All
Veterans and This is what
is all about. anyway right??
