Dear Founder,

The "Crack" in the Pres. Reagan

Cabinet on the 1965 Affirmative

Action Executive Order that requires

Fed Contractors to open 23 million

jobs to minorities and woman is now

"Wide-Open." A new Front, the NATIONAL

Black Republican Council passed a resolution

in opposition to Reagan's Proposed new Executive

Order to weaken and overthrow Affirmative Action

requirements for Fed Contractors. A meeting

in Texas with Secretary James Baker is absolutely

necessary. Contact the ^{TEXAS + NATIONAL} Hispanic G.O.P. leadership to
to meet, confer and persuade them to pass a similar
Resolution on the 1965 Executive Order. ^{In search of Justice}
