Re: Mercado project

Dear Hector,

Carolyn and I were very upset at the defeat of the project in the recent election. As usual, the polarization is very hard to overcome.

If there is anything that we may do in furthering the project, please do not hesitate to contact us for support.

Sincerely,

A handwritten signature in cursive script, appearing to read "M. D. George", with a long, sweeping flourish extending upwards and to the right.

Michael D. George
