Norman Rockwell

There are many kinds of love, but until you have seen and fallen in love with a work of art, you have missed one of the greatest emotions of life . . . and what a shame it is. We are, therefore, inviting you to our art auction, so that you may view, enjoy and even own one or more beautiful works of art by such masters as Chagall, Picasso and Miro along with Dali and many other new, young, exciting and vibrant artists.

We have gathered from all over the world, original lithographs, etchings and serigraphs, signed, numbered and authenticated. Also metal sculptures and enamel on copper. Magnificent original oils and water colors. Each frame has been individually selected to complement "that" work of art. They are all ready to take home, to hang and to enjoy . . . for the rest of your life, and some prices will start as low as twenty dollars.

Arrive early to spend time with our personnel who will be there to help you . . . receive a free catalogue . . . enjoy studying the art before that exciting moment when each piece can be yours for the bidding!

*When you attend our art auction, we know you will
