## Albert A. Peña, III ATTORNEY AT LAW

September 29, 1987

Honorable Lloyd Bentsen United States Senator from Texas Senate Hart Building, Rm. 703 Washington, D.C. 20510

Dear Senator Bentsen:

I want to join my Compadre, Dr. Xico, P. Garcia, and another great American, Dr. Hector P. Garcia, in urging you to vote against the confirmation of the nomination of Judge Robert H. Bork to the United States Supreme Court.

A myriad of reasons come flashing through my mind why Judge Bork should not be placed on the Supreme Court but of most importance to us is his cogent insensibilities to the rights of minorities. He would therefore be a threat to the progress made due to the efforts of many, such as yourself and the Doctors Garcia who have labored long and hard for the increased participation of minorities in the American way of life. It is indeed terrifying that much of the great work accomplished could be dissipated by the stroke of a pen.

Thank you for your past support of hispanic causes and for any consideration given to my request.

Very truly yours,

Albert A. Pena, III
