Dear Dr. Garcia:

I enjoyed getting the opportunity to have dinner with you and your family. It was a very nice break in my hectic schedule.

You're generous introductions to me at the GI Forum made me recognize how much I value your friendship and support in my efforts.

I know you realize it, but if there is any way that I can help you, please let me know. I am always very mindful that you have been down many, many roads and have opened a lot of doors because of the many fights you have had in the past. You may have some scars on you, but they are really not scars but actually victories for the people. Hopefully, in the future I will be able to look back and have a similar feeling of accomplishment because of the efforts in which we are involved.

I look forward to seeing you again in the near future.

Sincerely,

A handwritten signature in cursive script that reads "Jim".
