Dear Dr. Hector and Wanda,

Thank you so much for including me so warmly in your dinner honoring Ed and Norma. It was a wonderful occasion and we both had a wonderful time seeing old friends and hearing Hector's jokes!! We both know we are lucky to have you as friends, and hope the friendship continues for many more years.

Please remember that I'd like to have Susie come over to play my piano, so I can hear what she's doing these days, when next she's in town. Tell her to call me, please, and we'll set up a date! Thanks again, and love to you both.
