Dear Dr. Garcia,

Sending you this article which appeared in a local newpaper.

Also wanted to thank you for your support in my attempt at getting named to the State Medical Board. Although I was not successful in this my first attempt, I am not discouraged. Under the next administration, I wish to try again.

Many thanks for all the you have done for Hispanos/as and for what you continue to do and represent.

Sincerely

Catalina E. Garcia, M.D.
