Dear Mr. Sullivan:

I am in receipt of Commissioner Jimmy Martinez's letter addressed to you on June 14, 1988 regarding the release of certain documents and related information pertaining to the Bee Community Action Agency. Having reviewed the appropriate Federal and State statutes, I am of a legal opinion that the information should be released to Commissioner Jimmy Martinez. Further delay will only result in the filing of a law suit to secure the information which public officials are lawfully entitled to receive.

Sincerely,

Ruben Bonilla, Jr.
