Dear Dr. Hector -

I just read the profile on you today in the Caller-Times and wanted to let you know how much I enjoyed it. Although our paths did not cross this past year I wanted to let you know that I appreciate your concern for the poor and afflicted. It's hard to realize that it's been several years since we worked together on the Mexico City earthquake relief.

Presently, the major thrust of our work is in the state of Oaxaca, and concerns cleft palate and lip reconstructive surgery. God bless you.

In Christ,  
Terry Elder, M.D.
