Dear Dr. Garcia:

Attached are copies of the Fall 1989 and 1990 T.E.A Campus Surveys which lists enrollment data by campus for the Corpus Christi Independent School District. As you can see, there is an increase in enrollment in both the senior and middle schools and a decline in enrollment at the elementary school level.

If you have any questions concerning the attached documents, please let me know.

Sincerely,

Tony C. Diaz
Assistant Superintendent for
Instructional Support Services
