To Whom It May Concern

Re: Hector, Garcia, M.D.

Dear Sirs:

The above mentioned Dr. Hector Garcia has been a patient of mine for many years. This letter is to verify that he is in good physical and mental health. In my opinion he has no mental or physical ailments which would affect his practicing medicine.

If any further information is required please feel free to contact my office.

Sincerely,

Robert L. Fordtran, M.D.
