Dear Sir:

Given the fact of your being an extremely busy man, it is understandable why you may not be able to give us your own personal attention to the problem which was outlined in correspondence July 14, and again on September 8. It is more difficult to understand why you have not designated someone as your representative to look into our plea for assistance from the national organization.

May we please have a statement as to whether or not you are able or willing to be of any help to us.

Sincerely,

Jose Ortega
Executive Director
