Dear Uncle Hector,

Thank - you so much for sending
me A Moose for Chupita and A Better
Chance to Learn via my mother.

I really appreciate your thoughtfulness.
Books are truly my source of delight,
and the ones you gave me are especially

exciting. Education has been an interest always
and folklore is one of the best media to
understand a region and its culture.

I am looking forward to seeing
the family when I arrive in Corpus
Christi. Hopefully everyone is in
good health.

Thank you once again.

Love, Yollette
