County Clerk, Nueces County, Texas
By Laurene Hoode Deputy

The Commissioners Court will meet at 10:00 A.M. on Tuesday, September 25, 1979, in the Commissioners Court meeting room of the County Courthouse in Corpus Christi to consider the following:

AGENDA

1. Presentation of Sheriff's Posse regarding their suggested use for 9.25 acre tract at Rodd Field which may be available from the federal government as surplus. Consider whether to pursue this request or defer to the City of Corpus Christi as the City has recently acquired title to 126 acres surrounding this tract.

2. Authorize and/or discuss tax rates for 1979. The Tax Assessor has calculated the following effective tax rates:

County General Fund and Debt Service, \$.81

Farm-to-Market, \$.24

Nueces County Hospital District, \$.52

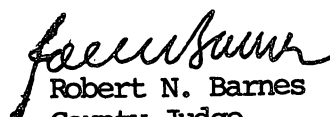

These rates cannot be exceeded by more than 3% without a notice and hearing process, as provided by the "truth in taxation" legislation.

3. Personnel actions, including deleting some existing jobs and adding new positions in building maintenance; authorize payment of bills and claims, travel requests, overtime, budget transfers and other usual and routine matters. Appointments to county boards. A closed session as authorized by Article 6252-17, Section 2(e) and 2(g) with regard to personnel and litigation. Implementation of dog control Order.

4. Discussion of damage caused by recent sudden rain and windstorm. Consider requesting a disaster declaration if justified based upon information that may be provided by local governments, etc.

5. Appoint an employees screening committee to look over the numerous requests from insurance companies for payroll deduction payments--not involving payment from county funds.

6. A resolution authorizing the implementation of the criminal justice grant for Big Brothers/Big Sisters.
