

4010 Crescent Drive
Austin, Texas
April 6, 1966

Dr. Torcia,

just a note to say hello and
that I thought you might be interested
in the enclosed papers.

I have checked with Dr. Sánchez
and he says that he would be willing
to serve on the Commission, if it
would help the mexicans. I believe
he could do a lot for us, because
of his background as well as for the
intellectual and expert ~~respect~~ (professional)
respect he commands.

When will you be back in Austin
I would like to have lunch with you
or just sit down and discuss our
parasite subject us the mexicans.

I told Beto Aguirre I would
join the Forum -

Sincerely, Off the

Olafael B. Hernandez
