Dear Doctor;

To follow up our telephone conversation of this morning, I would like to advise you that the reason the people in Haskell, are so entus about the Forum is because there is a Constable in that County that has killed two "Mexicanos," the most recent one was about 2 or 3 months ago. I am checking into the matter for possible Civil action and maybe even Criminal action. The Grand Jury checked the case but it was "White-washed."

I wrote Orosco in Dallas, to see if transportation arrangements can be made for you from Dallas to Haskell and back. I will try, if necessary, to hold the meeting going until after 5:30.

Fraternally Yours,

Gregorio E. Coronado
