Dear Dr. Garcia:

I am attaching a copy of a memo to me from Margaret MacKinnon concerning an August 20-25 visit from Dr. Arnolde DeLeon of Angelo State University, partly for the purpose of doing research in your papers.

Since Margaret mentions that Dr. DeLeon talked with someone in your office who recommended that he contact us, I wish to be certain that he has your permission to consult your papers. I will be grateful to you, if you agree, for writing "Approved Dr. Hector P. Garcia, July __, 1989", or something similar, and returning the signed copy for our files.

Sincerely,

A handwritten signature in cursive script that reads "Richard O'Keeffe".

FROM Margaret MacKinnon, Garcia Collection

TO Richard L. O'Keefe, University Librarian

Today I talked on the phone with Dr. Arnolfo DeLeon of the Dept. of History at Angelo State University in San Angelo, Texas. Dr. DeLeon will be making a trip to South Texas during the week of August 20-25; and at that time, he would like to plan to do some research in the Garcia Collection. He has talked with Dr. Garcia's office, and they suggested he call here. I know that Eugenia Landes will do a fine job helping Dr. DeLeon with his research. I suggested that Dr. DeLeon call the University Library the week before his arrival to set up a definite appointment.
