Notice = Addendum

Dear Dr. Garcia:

Your willingness to assist Governor Stevenson and Senator Sparkman by serving on the Steering Committee of the Texas campaign organization is very gratifying.

The Republican drive, using a popular military hero, is designed to divide us and destroy the great gains the American people have made in the last two decades. This we must not allow to happen.

Whatever you are able to do to assist the party and our national ticket in this crucial election year will be personally appreciated by me.

With kindest regards.

Sincerely,

Stephen A. Mitchell
