Dear Father Juraschek:

It is with great regret that I was unable to attend the Award-Dance honoring you on October 30, 1964, in San Antonio, Texas. I am sure that it was a great success and you so well deserve this and much more for the dedication and work you have given us in the American GI Forum.

Fran is still ill and will go into surgery on Thursday, November 5. This should take care of the paratenites that has set in.

All is coming along fine here - very busy as usual, the response from the membership is very good and the increase is excellent. Best regards and keep up the fine work and good spirit.

Very truly yours,

Augustine A. Flores
