Judge M. J. Raymond
Laredo, Texas

Dear Judge Raymond:

Several friends of mine from the University of Texas have highly recommended Mr. N. L. Mallison, Jr., who is at present an instructor at the University of Texas, and who desires to obtain a position in the Laredo Junior College. I know that you have a host of problems to contend with and I regret to add to your burdens by requesting your help in this matter. I find, however, that I am under personal obligation to the people who have recommended this gentleman to me and I will be grateful if you would consider this matter as if you were doing it for me personally. I am enclosing a personal history of the applicant which reflects an excellent background and a brilliant educational career. Incidentally, he is married to a young lady of Mexican ancestry.

Kindest personal regards and best wishes.

Cordially and Sincerely,

Gus C. Garcia
