Dear Sir,

I would like to extend to you my congratulations for the recognition President Reagan gave you with his awarding of the Medal of Freedom.

Veterans such as yourself and the members of the American G.I. Forum have demonstrated in the past your love and respect for our great country, and despite the racism and bigotry you have encountered, you still vivify the credo of the Declaration of Independence that "all men are created equal."

Cordially,

Richard Moore Ph.D.
