Dear;

Dr. Garcia;

I have always admire
your sincere fights for the
rights of the people. I sure
do need your advice and help.
Because I want to make this

organization a powerful one
with thousands of members.

Mr Santor de la Paz read
my article in the caller and
he send Mr Saavedra to
tell me that he would help
me. When I was talking to
Saavedra the caller timer came
and interview me. and took
a picture of me cutting D.B.
Saavedra's hair. But Mr
De La Paz had other things
in mind. He wanted to take
over the organization. He talked
for 45 minutes making every one
tired. Mr Saavedra walked
out.

He said that he would like to
be a part of the organization.

On Monday night De La
Bary was at it again.

I had divided the area
west of Port into 11 sections
and the members had chosen 11
leaders for each district. This
Each leader can choose as many
members as they need, to help
them recruit every person
living in his district. Leaders
who don't do a good job
will be replaced. I told them
before they were chosen I didn't
want any half hearted leaders.

Mr De La Bary who is not
a leader and was not invited,
got there before I did. And
he was telling every one that
my organization plan was
no good and silly and that all
we needed was a petition.

I told him he was out of
order and he was taking up
too much of our time.

He told me I was acting like a dictator and that all I wanted was publicity. And that people were going to laugh at me.

Next morning he sent me a bill for the Grand Hills he painted. He is calling a lot of his friends assuring me so that I will be replace at the next meeting.

I am hoping that you will join so that this fine organization does not fall into the wrong hands and be used for private interest instead of the welfare of the people. Besides streets we need a larger hospital for this area, other improvements needed.

P.S.

Every meeting I open it with
a prayer so that things like
this do not happen. But
somehow they just seem to do.
