FELIZ NAVIDAD Y PRÓSPERO AÑO NUEVO

"Peace on earth good will towards men" must have great meaning to members of the American GI Forum. For the entire year, the GI Forum members work for good will among all persons of all nationalities, creeds, races, and colors. It is therefore most proper that all Forum members participate whole-heartedly in the celebration of the birth of Christ.

New Year's is a time for resolutions. For the year 1958 we hope you will pray and work for even greater progress of the American GI Forum.

The National GI Forum officers wish for you a most enjoyable holiday season.
