Building 1, Rm. 1B

OFFICE OF THE PRESIDENT

July 22, 1974

Dear Dr. Hector Garcia:

Because of the past opportunities I've had in working with you I thought I would send you information concerning my new position at Stanford University. As of July 15th, 1974 I was appointed Assistant to the President and Provost for Chicano Affairs. The position promises to be a challenging advocacy role and I look forward to continued communication with you.

There are some valuable resource materials that this office has produced. Among them are: a nationwide list of Chicano Ph.d.s (over 500 individuals and discipline areas are listed), a list of contacts in the California Universities and Colleges, "Chicanismo"-- the Stanford Chicano Community newspaper, "Miquiztli"-- a Chicano literary journal, The Mexican American, an annotated bibliography, "Imágenes de la Chicana"-- Chicana literary journal and "Atisbos"-- a nationwide graduate research journal. Should you be interested in any of these works, please write and I'll have the information sent to you.

Once again, I anticipate continued communication with you and wish you success in your endeavors.

Sinceramente,

Cecilia

Cecilia Preciado-Burciaga
Assistant to the President and
Provost for Chicano Affairs
