Mr. Hector P. Garcia, M.D.
1315 Bright Street
Corpus Chrdisti, Texas

My Dear Doctor and Friend:

I once again want to reiterate to you that the Founder's Banquent, in my opinion, was a great success. It was a well attended function and the largest one that I can remember.

My only regret is that some of the legislators, with the exception of Todd Hunter, were not in attendance to render you honor that you most cetainly deserve and have earned.

There is no excusable reason for their absence. You have done so much for them, but they apparently have a short memory.

The Founder's Medal is beautiful. Since you are the founder, I think that⁺ it would have been appropriate for you to personnally present and affix Medal to the honorees. I relate this to the presentation that President Reagan made to you.

In closing I want you to know that my family and I appreciate very much friendship and all that you have done for us and our country.

May God bless you,

A handwritten signature in cursive script, appearing to read "Alvino".
