Dear Dr. Garcia:

You gave one of the most moving speeches I have ever heard. You may be surprised to hear this, but we seldom hear speeches of that kind in an academic environment. It combined humanistic and emotional appeal with facts and history and personal involvement. At least half the class has told me it was one of the greatest speeches they have ever heard. You certainly live up to your reputation!

Your speech shames us, as you told us to have compassion and understanding for Spanish-speaking people. That you should have to make such a talk is a disgrace, for which we are responsible.

Any advice you have, especially on the permanent registration bill and any other activist program, I should certainly like to receive. Please count on me for contributions and other help, if you can pass my name along.

We are very grateful to you, for coming at your own expense and amidst your back-breaking schedule to speak to a class of thirty people! I want to tell you that you made Tony awfully proud. He is very proud of you. Like you, I hope Tony will become a leader. He has the right orientation. If he is one-tenth as good as his uncle, he will make a mighty contribution.

The State of Texas, The United States, and my class are all in your debt. You did us a great honor.

Very warm regards,

*Daniel C. Morgan, Jr.*
