Dear Hector:

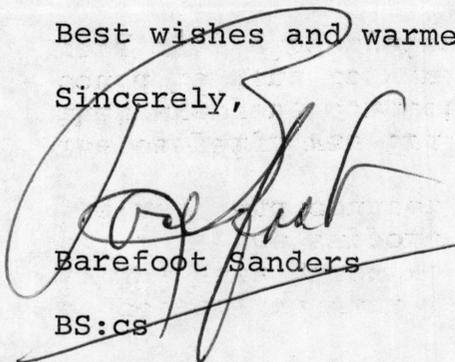

I just want you to know that Jan and I appreciate very much your assistance and support in the Senate campaign.

Of course, we were keenly disappointed in the results. At the same time, we know that we have much to be grateful for--the support of people all over the state and the help and counsel of friends like you.

The campaign was truly a team effort, and we believe that everyone connected with it did everything that could be done to win. There were obviously some factors operating against us over which we had no control.

Best wishes and warmest regards.

Sincerely,

Barefoot Sanders
