Corpus Christi, Texas

Dear Hector:

I'll be happy to write Dr. Potter, with copies to Father Labaj and Drs. Lempka and Kemp. I don't know what force my words will have, but I am happy to do this for you and your daughter.

That was a fine statement on housing for migratory laborers. I hope you get some action there, too.

I've missed seeing you and hope that some time you will be passing this way.

All best wishes and prayers for you and all the family.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "T. M. Hesburgh". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
