

October 20, 1962

Honorable Lyndon B. Johnson  
Vice President of the U.S.  
Office of the Vice President  
The White House  
Washington, D.C.

Dear Sir:

My sister, Dr. Cleo Garcia of 3836 Baldwin, Corpus Christi, Texas, and myself wish to sincerely thank you for the high honor given to us on your invitation to visit with the Ambassadors and Dignitaries last week at your ranch in Texas. It was certainly an honor and we will always remember and cherish it.

We also wish to thank Mrs. Johnson for her hospitality, kindness, and attention. My sister was charmed by your lovely wife.

I also want to thank you for the many other favors that you have done for us. I want you to know that if there is anything that I can do at any time please do not hesitate to call on me. I believe that your friendship and kindness to the American people of Mexican origin, and your interest and sincerity in Latin American affairs will make you a great statesman and leader for our country. The future of our country is certainly in wonderful hands, and I am glad to contribute anything at any time to help people like you in this pursuit of greatness and equality to our country.

I also want to thank you for your encouragement about your possible attendance at our 1963 and 1964 conventions which will be held in Chicago and San Antonio, Texas.

I talked very much with our guests. They were greatly impressed with your efficiency, sincerity, and ability. I pointed out to them many things that you have done for our people here in the nation. This, they were not aware of.

I was also very pleased in meeting your wonderful and very efficient secretary, Yolanda.

Some of the Ambassadors were talking about setting up a counselor office in Dallas as soon as possible realizing the great potentials of Texas in the future. Sincerely speaking, many of those friends were talking about what a wonderful Vice President you are and what a wonderful President you would make. Naturally, I agreed with them.

Hoping to hear from you soon, I remain

Respectfully yours,

Hector P. Garcia, M.D.
