Dear Dr. Garcia,

I had a very pleasant time with you and Wanda on Saturday. I really enjoyed the interview, and I look forward to writing about you.

Carter, my husband, liked the little book that your father had written. He found some vocabulary in it that is helpful to him.

Thanks for the lunch and taking me to the airport and for all of your generousities.

I'll be in touch with you off and on --

Best wishes from Austin,

Ernestine Wheelock
