

*Friend
Will Wilson*

HOWARD O. SMITH, M. D. F. A. C. S.
904 SOUTHLAND AVENUE
MARLIN, TEXAS

Dear Doctor:

We are writing you in the interest of Will Wilson who is a candidate for the United States Senate.

We feel that Will Wilson merits your serious consideration and support based on his past record. Today, as never before, we need strong men, men of character, integrity, and with outstanding qualifications to represent Texas in the United States Senate. In our opinion, members of the United States Senate in the next two to four years will make decisions that will not only affect us during our lifetime but will affect our children and future generations.

Will Wilson served with distinction as Associate Justice of the Supreme Court of Texas, District Attorney of Dallas County, and as Attorney General of Texas. He served with distinction to himself and to his State.

We feel sure you will recall that Will Wilson, as Attorney General, has done an excellent job in law enforcement, and especially in connection with his fight to eliminate the illegal practice of medicine in Texas in his drive to eliminate the naturopaths from Texas. He has been alert to see that they did not return.

For your information, Will Wilson has stated without reservation that he is opposed to the social security method of financing medical care.

Will you join with us in electing Will Wilson to the United States Senate? He is a good administrator, a good lawyer, and believes in the rights of individuals and our free enterprise system. We need men like Will Wilson in the United States Senate.

Sincerely,

Porter Brown M.D.
