Dear Hector:

Secretary Goldberg has asked me to reply to your letter of October 28, 1961.

I join with him in an expression of appreciation for your kind words and generous compliments. It is certainly our desire to be helpful to all our people and to secure for them equal opportunities and equal participation in all the benefits of society that full American citizenship holds. We would welcome the opportunity to be helpful on any problem or situation that presents itself.

Please give our very warmest regards to all our friends in Corpus Christi.
