Dear Dr. Garcia:

I want to express my sincere appreciation for advocating the same sentiments that I was proposing regarding the splitting of Nueces County during the debate on S.B. 1, the redistricting bill for congressional districts.

Your views served as as catalyist for sincere and thoughtful debate on the future of:

The Naval Air Station;
The Army Depot; and
The Port of Corpus Christi;

Once again, thank you for your correspondecne regarding this important issue which will affect the Hispanic population for the next decade.

If I can ever be of further assistance, don't hesitate to contact my office.

Sinceramente,
