Re: Gregorio Mendoza

To Whom It May Concern:

The above individual is a 75 year old gentleman who is currently under my care for adenocarcinoma of the right lung metastatic to bone and lung. This diagnosis was made last month and therapy was initiated in the form of systemic chemotherapy. His current symptoms include weight loss, easy fatigability and shortness of breath.

For this stage of disease, the median survival is less than 10 months.

Please let me know if I can be the source of additional information.

Sincerely yours,

INTERNAL MEDICINE ASSOCIATES

RE: Arturo Mendoza &
Oscar Mendoza

Dear Sir,

I am writing in regards to Gregorio Mendoza who is the father of Oscar and Arturo Mendoza. Mr. Mendoza is a terminally ill patient of mine with cancer of the lungs. The patient is requesting that both of his sons be allowed to be with him before he expires.

If any further information is needed please do not hesitate to contact my office.

Thank you.

Sincerely,

Abimael Perez M.D.

March 25, 1986

Dear Dr. Garcia,

On behalf of my brother and codefendants, Oscar Mendoza, and June Bunch Mendoza, I am appealing to you for assistance with the U.S. Parole Commission and the office of the U.S Attorney General.

We have been incarcerated since September 26, 1986. We were charge and eventually convicted of conspiracy, possession, Aiding & Abetting the distribution of heroin. We all received lengthy prison sentences, out of the Western District of Texas. But we've resided in Corpus Christi, since coming our parents came to Corpus Christi, in 1939.

My father, Mr. Gregorio Mendoza, who lives at 3010 Elgin Street was recently diagnosed with cancer of the lung and bone marrow. We have served 117 months of the 120 months required before an initial parole hearing is granted, for sentences of 30 years and over. Oscar received 45 yrs, and 45 yrs Special Parole. June received 40 yrs, and 40 yrs Special Parole, (June's first offense) I was given 35 yrs and 35 yrs Special Parole. We are appealing to you for assistance in obtaining a "hearing on record" and rendered a presumptive parole date. As the situation stands now, we are not eligible for bedside or funeral furloughs, unless we are chained, and accompanied by two armed guards for each of us. However, if we are granted a presumptive parole date, we may become eligible for unescorted family furloughs, and perhaps become eligible for a minimum security camp or half-way house.

Your intervention on our behalf would be greatly appreciated by us all, and each member of our families.

Sincerely I remain

Arturo Mendoza
