Dear Vicente:

Thanks for the correspondence you have been sending us; I have broken it down into several categories, have put them in file-type folders and have passed them around so that all members may get a chance to read what is happening from a nation wide stand point.

I haven't forgotten the Judge Carlos Teran data which I promised you, I will send it to you on my next letter. We have all been working hard as you know our convention is set for May 30, May 31 and June 1st. Our queen contest is off the ground and we expect some good results from the entire program. As you know we had electionx of new officers, and now that Frank Paz and I have step down from the local we expect to concentrate heavily on the state expansion project.

Regarding this subject, we have met with a group in Hollywood, and we finally got together with San Diego. We are to meet with Calixtro Nava soon, do you know of any one else who is working in that area. We plan to have at least five more groups by convention time.

Incidentally, does MEMO#4 consist of two parts, is the second one regarded as part of the first amendment or was this an unintentional error.

I have been reading your correspondence concerning the possibility of organizing Nevada. I think that California can be of some assistance here as it was in Arizona. I personally want to do all I can, I have made tentative plans to be in Las Vegas April 3-6, I have reserved a room at the Riviera. I notice that some correspondence has taken place between Atty. Mendoza and that some reference has been made about a Mr. Dan Aguirre---bring me up to date and let me know whom I should contact, I would of course like to write him before arriving on the above dates, so in the interest of time will you or Dr. Garcia answer this request as soon as possible.

Sincerely Yours

Medardo Rangel
