Dear Dr. Garcia:

The Caller-Times U.S. Open Committee would like to express our thanks for your input at the Parks and Recreation Advisory Meeting July 12, 1989 at City Hall.

Your commitment to your community is obvious; it's much easier to speak against an issue than to take a positive stand. It was evident that the entire Board was impressed by the diversity of support within the business community.

Thanks again. See you at 1990 U.S. Open.
